Re: Removal Of Schweitzer Dam: Cedar Creek

Dear Dr. Dirst:

We have reviewed the above-referenced project for compliance with section 106 of the National Historic Preservation Act and 36 CFR Part 800: Protection of Historic Properties, the regulations of the Advisory Council on Historic Preservation governing the Section 106 review process.

There are no archaeological or architectural properties listed in the National Register of Historic Places located within the area of potential effect of the proposed undertaking. Furthermore, we are not aware of any properties that may be eligible for the National Register in this area.

We remind you that 36 CFR 800.4 includes the requirement that you seek information, as appropriate to the undertaking, from parties likely to have knowledge of or concerns with historic properties in the project area- such as Indian tribes, local governments, and public and private organizations.

If there are any questions concerning this matter, please contact Dan Duchrow at (608) 264-6505.

Sincerely,

Chip Harry L. Brown III, J. D.
